

Portfolio Label

Software Engineering 2009 – 2010
University of North Dakota – Emanuel S. Grant
November 7, 2009

Level	3 rd , and 4 th year
Language	Various for GUI, API, database – team project. Teams select languages based on the members' proficiencies.
Typical number of Students enrolled	15 - 20
Fraction of full-time student effort/year	1/8
Number of weeks	16
Contact hours per week	3
Lab hours per week	None required, but necessary to complete team project.
Description of Labs	Teams work on term project

Mission Statement

The University of North Dakota, as a member of the North Dakota University System, serves the state, the country, and the world community through teaching, research, creative activities, and service. State-assisted, the University's work depends also on federal, private, and corporate sources. With other research universities, the University shares a distinctive responsibility for the discovery, development, preservation, and dissemination of knowledge. Through its sponsorship and encouragement of basic and applied research, scholarship, and creative endeavour, the University contributes to the public well-being.

The University maintains its original mission in liberal arts, business, education, law, medicine, engineering and mines; and has also developed special missions in nursing, fine arts, aerospace, energy, human resources, and international studies. It provides a wide range of challenging academic programs for undergraduate, professional and graduate students through the doctoral level. The University encourages students to make informed choices, to communicate effectively, to be intellectually curious and creative, to commit themselves to lifelong learning and the service of others, and to share responsibility both for their own communities and for the world. The University promotes cultural diversity among its students, staff and faculty.

In addition to its on-campus instructional and research programs, the University of North Dakota separately and cooperatively provides extensive continuing education and public service programs for all areas of the state and region.

“Does just what it says on the tin”
